

2 Series

Radial Systems - Radial Premium Outdoor Installation Systems

Applications

- Portable sound reinforcement
- Bars and restaurants
- Nightclubs
- Unobtrusive stage monitoring
- Corporate AV events and conferences
- Weddings and parties
- Secondary stages at festivals

Products in the Series

- Radial 208 TW
- Radial 206 TW
- Radial 205 TW
- Radial 210 S

Features

- Low Saturation, minimal loss Hi-z transformer technology
- Compact and industrial design for corporate venues
- IP-66 rated enclosures for environmental applications
- True application versatility ranging from corporate AV to BGM solutions
- Comes pre-boxed with an XY-axis bracket
- Rugged ABS enclosure with sombre black matte finish

Radial systems are our general installation solutions for versatile applications delivering impressive fidelity across a vast dynamic range. The Radial systems are compact, IPX-66 ABS enclosure systems with silk dome tweeters for smooth & consistent coverage pattern and a low saturation Hi-z transformer for large installations.

Radial 205 TW

Single 5" IP 67 rated 2-way Speaker System

Technical Specifications

Frequency Range (-10dB)	67 Hz - 20 kHz
Frequency Response (-3dB)	72 Hz - 20 kHz
Coverage Pattern	100° x 100°
Max Spl	114 dB
LF Driver	5.5" Weather Resistant Woofer
HF Driver	1" Silk Dome Compression Drivers, 1.4" VC
Rated Power	80W Continuous, 320W Peak
Nominal Impedance	8 Ohms or 100/70 V
Transformer Taps	20W, 10W, 5W - 100 / 70 V
Sensitivity	87 dB

General Specifications

Enclosure	Dura-light ABS Enclosure
Grill	Black Powder-coated durable grill
Finish	Clean Matte White Finish
Mounting System	Installation Yoke
Height	10.3"
Width	6.34"
Depth	6.42"
Weight	2.9 Kgs
